

Dear Friend of Hospice Huntsville:

Every day, families in our community are facing some of life's most difficult moments. Thanks to the **generosity of supporters like you**, Hospice Huntsville is there to provide **comfort, care, and support at no cost** when it's needed most.

Your support doesn't just sustain programs. **It can change lives**, offering **peace and compassion** when it matters most

This is Myke and Heather's Story:

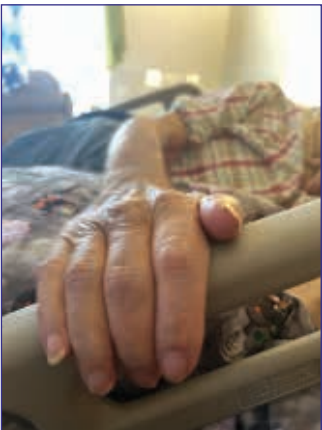

*When my Dad, Peter made the decision to move to Hospice, he looked out over the lake that had been his home for so many years. As the paramedics gently wheeled him to the ambulance, tears filled his eyes. He knew this would be the last time he saw the place he loved most, the water, the trees, the peace of Bella Lake.*

*It was an emotional moment, but one filled with **gratitude**. Peter had made his wishes known to us that when the time came, he wanted to be at Hospice. It was a decision rooted in trust, dignity, and the comfort of knowing he would be surrounded by compassion.*

*When my family walked through the doors of Algonquin Grace Hospice Residence, we immediately felt that compassion. The staff and volunteers **welcomed us not as visitors, but as family**.*

*As someone who works in palliative care at another hospice, I'm used to being the one providing support. But after just 24 hours, I realized **it was my turn to sit back and be his son**. The staff at Hospice Huntsville handled everything with compassion. They cared for my Dad, and they cared for us.*

*One of the most unforgettable days came shortly after his hospice admission, his 89th birthday. With the staff's full support, we brought Dad home for one more afternoon. The sun shone brightly as the ice began to melt, and friends gathered to celebrate. He told us he felt "like a ten-year-old," planning his party and grinning from ear to ear as he blew out the candles on his favourite chocolate cake. It was a day of laughter, tears, and love, the kind of memory that will live always in our hearts.*

*My Dad was a storyteller with a witty sense of humour, which left a lasting impression on anyone who came into his world. Whether he was talking about running with the bulls in Spain or rubbing shoulders with Ernest Hemingway, he had a way of making people feel connected. The staff at Hospice Huntsville embraced that spirit. They had the ability to bring warmth and laughter into his space and brighten the spirits of Peter, his family and friends. At the same time, the staff were able to hold space for the gravity of each moment with a calm and empathetic approach.*

*Our Dad was surrounded by **compassion, dignity, and kindness right to the end of his life**. We will never forget our time at Hospice Huntsville, and the care and empathy provided by everyone.*

Hospice Huntsville must raise 50% of its annual operating budget each year to ensure that all programs and services remain at no cost. By **giving today**, you help ensure that other families can find the same **comfort, dignity, and compassion** when they need it most.

**Your gift is more than a donation; it is a legacy of love** that touches lives when words alone can't.

With heartfelt gratitude,

Myke
